## HIS LAST HOPE GONE

Kruger Gets No Consolation From The Netherlands.

HOLLAND WILL NOT INTERVENE EITHER

The Dutch Foreign Minister Tells the Ex-President That the Role of His Government Must Be Passive.

The Hague, Dec. 18.—The Dutch government today finally and definitely refused to take the initiative in behalf of arbitration between the Transvaal and Great Britain.

The decision was communicated in an interview between Mr. Kruger and Dr. Leyds on one side and the Dutch foreign minister and Minister of Finance N. B. Pierson, on the other. Mr. Kruger explained that the object of his journey was to disseminate the idea of arbitration, and the Dutch minister replied that the role of the Netherlands must be passive. The initiative belonged to the great powers, he added. When the powers had reached a decision, the Dutch government might see what it could do.

No Snub Yet From Carr.

The Hague, Dec. 18.—The Transvaal legation says it is authorized to contradict the report that Emperor Nicholas has telegraphed to Mr. Kruger an intimation that he will not receive him.

DECIDE ON COURSE.

How the Oregon Delegation Would Improve the Columbia.

Washington, Dec. 18.—The three members of the Oregon delegation, at an informal meeting today, decided to concentrate their efforts to have the improvement of the mouth of the Columbia made a continuing contract rather than trust to the future to secure successive appropriations to be expended as needed. By this method, which seems to be the best under the circumstances, the final completion of the project is insured, and work may be conducted without unnecessary delay.

The river and harbor committee has yet finally decided on what provision will be made for this project, but \$600,000, recommended by the engineers, is the outside limit.

OFFICERS WERE LAX.

Prisoner Quietly Arose and Walked Out of the Courtroom.

Spokane, Dec. 18.—While Judge Marshall was holding a preliminary hearing of Edward Hanson, charged with counterfeiting, this afternoon the prisoner quietly arose and walked out of the courtroom. Owing to the small courtroom being crowded, the escape was not noticed until the judge turned to announce that the prisoner would be held to a higher court. Officers started in pursuit of Hanson, who was trekking for the river. A few shots from revolvers and he gave himself up. The escape was the boldest ever known in the city. Hanson is one of a trio recently arrested with bogus money in their possession. Search of their cabin resulted in finding of mounds and other tools.

Credentials Refused.

Washington, Dec. 18.—The senate has refused the credentials of W. A. Clark and Maginnis, contesting senators from the state of Montana, to the committee on privileges and elections. A debate, reopening the Clark case, occurred upon the motion of Senator Chandler to recommit the resolution declaring the seat from Montana vacant. After a short but interesting debate, the matter of recommitment, by consent, went over until Thursday.

Counterfeiter Captured.

Spokane, Wash., Dec. 18.—Edmund Hansen, alias H. Larkoe, believed to be the leader of the gang of counterfeiters operating here, has been captured. Hansen was a bridge watchman for the Great Northern. In his shack were found counterfeiters' molds and letters ordering gold and silver. Near by in a cache in the rocks many stolen articles were found. Hansen protests complete ignorance.

Saloons Were Open Sunday.

Chehalis, Wash., Dec. 18.—Four Chehalis saloonkeepers pleaded guilty in the superior court to the charge of keeping their places open Sunday. Two Centralia men have been convicted. All were fined \$30 apiece, and all other cases of that nature now pending against them were dropped.

Passed Raised Bills.

Vancouver, B. C., Dec. 18.—Two Japanese, Hanay Sato and Mantoka Hamaguchi, were arrested this morning, charged with uttering raised bills. A number of raised bills have been in circulation here, in each case the utterer, a Japanese, claiming that he was the innocent recipient of the raised notes from a fellow-countryman.

Dewet and Knox Still Fighting.

London, Dec. 18.—The Evening Standard says that the battle between General Knox and General Dewet continues, and that the forces exchanged ground incessantly. Lack of definite information is said to be due to the absence of telegraphic communication with the scene of action. While the war office is most reticent on the subject there are indications that the officials have received news suggesting considerable British success.

## HONG KONG TYPHOON.

Particulars of a Great Storm in South China—Loss of Life Heavy.

Victoria, B. C., Dec. 14.—The steamer Empress of India, which arrived today after a stormy passage, brought news of the great typhoon which ravaged Hong Kong, November 10, causing a heavy loss of life and shipping. The British gunboat Sandpiper foundered and some of her crew were lost. The American ship Benjamin Seavall went ashore, and in all 17 steam launches were wrecked, and over 200 natives drowned. At Kowloon and other points there was also very heavy loss. The Empress of India was at her wharf at Kowloon and she was badly shaken.

The troops fared very badly. The temporary barracks collapsed completely and the Indian and European troops had to seek refuge wherever they could. In Kowloon proper a number of houses were blown down, others lost their roofs and were otherwise damaged. A new stone block near the torpedo depot was practically laid in ruins. The whole upper part was blown down, as was also the upper story of the telegraph exchange at Kowloon.

Of the British warships anchored at Kowloon the gunboats Warren, Firebrand, Tweed and Sandpiper were dragging their anchors. Those on shore could do nothing but stand by with buoys and lines to render assistance should the vessels drift ashore.

The vessels fired distress signals and one or two flew their pennants at half-mast. The gunboat Sandpiper was in the worst fix, as she was rapidly sinking. Then from Hong Kong came the Otter, the crew of which at great risk rescued the whole crew with the exception of one man.

At daylight Saturday the powerful dredger Canton River, which recently arrived here from Paisley, almost without any warning listed to port and capsized. As to the precise number of those on board at the time it is impossible to give any accurate figures. Those in authority at the dockyard extension office say that 50 would be about the number. It is known that Captain Scott, who was in command of her, was aboard, also Chief Engineer White, Second Engineer Thompson, Carpenter Melroy and the majority of the crew. The men clinging to the upturned vessel, when they were seen, and 12 were rescued by boats from the steamers Tamar and Astoria. The Benjamin Seavall went ashore, and the arsenal yard but got off, though leaking badly.

Several buildings collapsed at Queen's road, killing eight Chinese and injuring eight. Westward, at Kennedy town, great damage was also caused, and at Kowloon numberless shanties were wrecked. Here P. C. Duncan, of the navy yard police, lost his life in a gallant attempt to rescue two sampan women whose boat was dashed to pieces against the embankment at the naval depot. Duncan was an old Ninety-ninth Argyle and Sutherland Highlander, and had been away from home since 1890.

WRECK IN MONTANA.

Five Passengers Were Killed in a Great Northern Accident.

Great Falls, Mont., Dec. 14.—Great Northern passenger train No. 3, westbound, was wrecked about 4 o'clock this morning near Brockton, 81 miles east of Glasgow. Five passengers are reported killed and many injured. The cause of the wreck is said to have been a broken rail. Railroad officials here claim not to have any information of the accident.

Later information states that the train was running about 45 miles an hour, making up lost time, when a truck broke down while passing a switch. The engine and three cars passed over in safety, but the next four pitched over an embankment. Three sleepers remained on the rails. The bodies have been taken to Glasgow, where the inquests will be held.

Tortured by Small Boys.

San Jose, Cal., Dec. 14.—Alfred Kern, a 10-year-old boy, was caught by three young boys this afternoon as he was on his way home from a kindergarten school and subjected to a terrible torture with burning matches. His face was burned almost beyond recognition, and his condition is regarded as serious. The police are searching for his assailants, who have thus far succeeded in escaping.

Pioneer Telegrapher Dead.

New York, Dec. 14.—Robert L. Tige, who established the first telegraphic system in South America, is dead at his home here. He was born in Dublin. At the outbreak of the civil war he enlisted in the Fortieth New York regiment. In 1860 he entered the employ of Adolph C. Morse and went to Chile and Peru, where he established telegraphic systems. For 18 years he had resided in this city.

King Milan to Marry Again.

London, Dec. 14.—The Vienna correspondent of the Daily Chronicle says a rumor is in circulation in the Austrian capital that ex-King Milan is about to become engaged to Miss Atwell, an American heiress.

New Gold Field Discovered.

Spokane, Wash., Dec. 18.—A special to the Chronicle from Nelson, Wash., brings news of a stampede up Fourth of July creek, a branch of the Kettle river. Shot gold has been discovered with ground running \$10 to the cubic yard. Diggings in that vicinity have been secretly worked by George Arnot, an old miner, for three or four years. It is estimated that he has cleaned up \$10,000.

## WILL VISIT EUROPE

Steyn Is Going North to Help Oom Paul.

GENERAL BOTHA MAKES ANNOUNCEMENT

Schalkenberger Sworn In as Acting State President—Rumors in London of a Serious Defeat to British Arms.

New York, Dec. 15.—A dispatch to the Journal and Advertiser from Amsterdam says:

The following proclamation by General Louis Botha has been received:

"Whereas, I have been informed that the enemy circulates all sorts of wrong and lying reports among the burghers about the government and myself, our officers and officials are charged to communicate the following information to the general public:

The executive council, after consulting the president of the Orange Free State, has decided in the interests of our cause to give leave of absence to our state president, with orders to go immediately to Europe in order to assist our deputations there in the work they have before them. Vice-President Schalkenberger has been sworn in, according to law, and is now acting as state president. He is now assisted by the state secretary, two members of the executive council, Lucas Meyer and myself, and other officials, in short, our government exists in the same way as before and is now in my immediate neighborhood and in direct communication with me.

"Let the blood of our brave dead always by a strong voice induce every burgher to fight for liberty. We have nothing left to lose, but everything to win. The government is most firmly decided to continue the struggle. I am convinced the burghers will applaud this decision and act accordingly until the end. Burghers are warned against the fine words used by the enemy to deceive them and to make them put down their arms, because, according to the proclamation of Roberts, they will all be transported to St. Helena or Cayenne as prisoners of war. Our cause, however, precludes, is not hopeless if every burgher only does his duty. The Lord is sure to give a blessed end in his own time and in his own way."

ROBBED THE MAIL CAR.

Postal Clerk on the Cotton Belt Railroad Line Was Nearly Killed.

Texarkana, Ark., Dec. 15.—A bold robbery on the Cotton Belt railroad occurred today at Bassett, Tex., 30 miles south of Texarkana, on the train coming north, in which Postal Clerk John H. Dennis was almost killed and mail pouches of the car rifled of their contents. The amount stolen is not known. As the train left the Bassett water tank at 6 A. M., the express and mail cars were separated from the train, but the train crew soon had them coupled again. In the run from there to Texarkana, the coaches were uncoupled twice in a very mysterious manner. Upon the arrival of the train here the United States transfer clerk went to the door of the mail car and knocked for the postal clerk to open it. No response was given. Officials then forced an entrance and were astonished to find Clerk Dennis stretched upon the floor, apparently dead. A hurried examination showed that the registered pouches had been ripped open and robbed of their contents, the most valuable of which was the Wayne-Memphis pouch, containing a large number of valuable packages. A physician was sent for and it was found that Dennis was alive but unconscious. An ugly wound on the top of his head told the story. Two hours after he was taken to the hospital he revived enough to give the details of the robbery.

Just as the train parted at Bassett, tank, Dennis went into the vestibule of the mail car to air up the tire. When he opened the vestibule door he saw two men standing by the stove. One of them dealt him a terrible blow over the head with a heavy fire shovel. The first blow felled him and he was then quickly beaten into a senseless condition. Word reached here at noon that two suspects have been arrested at Naples, near the scene of the robbery, but none of the stolen packages was found.

American Arrested in Cape Colony.

London, Dec. 15.—The Cape Town correspondent of the Daily Mail reports the arrest at Worcester, Cape Colony, of Harold Darrington, alleged to be an American, on a charge of fomenting an Afrikaner rebellion. "The arrest," says the dispatch, "has made a great sensation, and startling disclosures are promised."

Held Up a Box Office.

St. Louis, Mo., Dec. 15.—During the performance of "Shore Acres" at the Grand Opera house in this city to-night, two masked men entered the box office, assaulted, beat and shot the treasurer, Harley S. Rouns, and escaped without getting any cash.

Rumors of British Defeat.

London, Dec. 15.—The Daily Express publishes a rumour of a serious disaster to the British arms. According to this report, the Boers attacked the camp of General Clements, in the Harberton district, capturing the camp, killing a number of British officers, and taking prisoners all the British troops, including four companies of the Northumberland fusiliers. The story is not confirmed in any quarter, and is not generally believed.

## DEWET EVADES KNOX.

General Kitchener Reports a Running Fight With the Boers.

London, Dec. 17.—Lord Kitchener cables the war office from Pretoria under date of December 13 that General Knox reports from Helvetia that he is engaged in a running fight with General Dewet, and that the enemy is moving towards Reddersburg, where there is a column ready to co-operate with the other British forces. Lord Kitchener in another dispatch reports that Boers attacked the post near Harberton. The British casualties were three killed, five wounded and 13 taken prisoners. The captured men have since been released. The Boers raided the Harberton road station December 11. They are being followed up.

General Kitchener's message indicates that Dewet has again evaded Knox. After the latter had left the Boer general at Coonassie drift, the Boer seems to have doubled back, crossed the Caledon river elsewhere, and turned thence northwest—in the direction of Reddersburg, the memorable scene of the British disaster in April, when Dewet captured the British rifles.

Tragedies on Shipboard.

San Francisco, Dec. 17.—The British ship Crown of Scotland, which arrived today, 130 days from Penarth, Cardiff, had three tragic entries in her log. November 24 John Werrington stabbed P. C. Haglund, his shipmate, while the latter was asleep in his bunk. Leaving his sheath-knife in his victim's breast, the murderer ran up on deck, jumped overboard and was drowned, despite efforts to reach him with a lifeboat. No one on board of the ship knows of the motive. The second tragedy occurred August 1. Salvatore Servio fell from the foreyard, struck the deck and fractured his thigh and received internal injuries which caused his death.

Correcting an Extradition Treaty.

Washington, Dec. 17.—A treaty has been concluded between the United States and Great Britain amending of the existing extradition treaty and intended to correct certain imperfections in that instrument, developed by recent experience. The changes do not materially affect the scope or principles of the existing treaty, the chief item in the list being provisions classifying as a crime subject to extradition the obtaining of money under false pretenses. At present the treaty makes extraditable the reception of money obtained under false pretenses and omits the principal in the crime, constituting a manifest absurdity. To correct this the amendment is made.

Grounding of the Garonne.

Seattle, Dec. 17.—Letters have been received in this city announcing the grounding of the United States transport Garonne on the northern coast of Luzon. She struck twice, being rescued both times by the Yorktown. The second time the Yorktown's cable caught in the Garonne's wheel, causing a further delay of 19 hours. The letter also told about a hard march of the American troops under General Hall. The line of march was over steep mountains for a distance of 45 miles, taking in all six days. At the conclusion, 165 men were under medical treatment for several days.

Search for Hidden Gold.

Pekin, Dec. 17.—A few days ago the British troops were notified of the existence of a large amount of treasure 20 miles northwest of here. Colonel Tullock and 100 men left today to investigate the truth of the report. Colonel Tullock requested, however, that 50 extra men be detailed. It is believed that a large amount of gold and valuables were buried at that point by persons connected with the Chinese court during the recent flight. The information regarding the treasure was received from a former court official.

Trial Trip of the Alabama.

Philadelphia, Dec. 17.—The United States battleship Alabama sailed today from League Island navy yard for New York, where she will await further orders. She will make a trial trip on the run, which will begin as soon as she passes out to sea. After the sea trial is completed the vessel's course will be shaped further out to sea to avoid shipping, as all of her guns and torpedoes are to be tested. If the report is satisfactory, it is probable that the battleship will be ordered to Hampton Roads to join the North Atlantic squadron.

Anti-Foreign Plot in Hong Kong.

Hong Kong, Dec. 17.—The city was placarded today with statements inciting the people and the members of the secret societies to unite and rise during the month of January and drive out all the foreigners. Crowds gathered about the placards, but no actual outbreak is reported.

Oxford Beats Cambridge.

London, Dec. 17.—The annual Rugby football match between Oxford and Cambridge took place today at the Queen's club. A magnificent game was won by Oxford by two goals to a goal and a try. There was a large and fashionable attendance.

Nordenfjeld's Expedition.

Christiania, Dec. 17.—The Antarctic expedition, headed by Dr. Otto Nordenfjeld, will leave in August.

## A BRITISH DISASTER

Clements' Force Defeated by Boers Under Delearey.

WERE HEAVY LOSSES ON BOTH SIDES

English Forced to Abandon Their Position—General French With Reinforcements Has Gone to the Rescue.

London, Dec. 17.—Lord Kitchener reports that, after severe fighting at Nootgedacht, General Clements' force were compelled to retire by Commandant Delearey, with a force of 2,500 men. Five British officers were killed. The other casualties were not reported. Lord Kitchener's official dispatch to the war office is as follows:

"Pretoria, Dec. 15.—Clements' force at Nootgedacht, on the Magalies' Berg, was attacked at dawn today by Delearey, reinforced by Beyer's commando from Warmbath, making a force estimated at 2,500. Though the first attack was repulsed, the Boers managed to get to the top of the Magalies' Berg, which was held by four companies of the Northumberland fusiliers, and were thus able to command Clements' camp. He retired on Helkport, and took up a position on a hill in the center of the valley.

"The casualties have not been completely reported, but the fighting was very severe, and I deeply regret that Colonel Legge, of the Twentieth Hussars, and Captains McLean, Murdoch and Atkinson were killed."

Lord Kitchener also reports that the Boers made an attack and were repulsed at Lychtenberg, and that General Lemmer was killed. Attacks upon Bothaberg and Vrede were also repulsed, the Boers
